

The Best of Both Worlds!

Salford 6700 AB350 Air Boom Spreader or New Leader NL4500G4 or NL5000G5

Stahly Peterbilt with 14" New Leader weighs 11,500 lbs less than a Deer Dry Floater. Get in the field a day sooner, less compaction! Less fuel, tire wear, and wear and tear on components. 10,000+ parts outlets, no captive parts market with 5x higher parts costs.

Dependable 40 Year Service Life

Over 100, 30-year old Stahly floaters are used daily on chassis not half as heavy duty as a current Stahly Peterbilt. Don't spend your money trading machines, buy a Stahly!

New 73" / 54" Super Float Radial Tire Package

22% less compaction than 66" tires, more road speed, and longer tire life on a machine that's already 32% lighter than big green.

Stahly

Setting the standard since 1976.

Row Crop Tires for 30" - 38" Spacing
