

# New Leader Edge 4500G4 Model Feature Comparison

See video: <http://www.stahly.com/products/systems/NL4500-G4-edge.html>

The NL4500 Edge does not add any moving parts at the rear of the bed. It has individual spinner speed, hydraulic chain tensioners, will do boundary spreading, it is tested by New Leader before it leaves HECO, has New Leader modules instead of Raven nodes and an easy to understand and use New Leader interface which includes the feed gate optimizer.

<b>PERFORMANCE</b>	<b>NL4000</b>	<b>NL4500</b>
Independent Spinner Speed & Monitoring		X
Boundary Spreading		X
New Leader User Interface		X
Feedgate Optimizer Program		X
Factory Installed & Tested Electronic Components & Wiring		X
Conveyor Operation Disabled When Spinners Off		X
High Output MultApplier	X	X
ISOBUS Ready (11783)		X
2 Year Full Warranty on Modules & Wiring		X
<b>HYDRAULICS</b>		
New Leader Control Manifold		X
Hydraulic Oil Temperature & Oil Level Monitoring		X
Hydraulic System & Conveyor Pressure Monitoring		X
Hydraulic Oil Filter Restriction Monitoring		X
<b>BODY</b>		
Auto Chain Tensioning With Site Window		X
Non-Plug Oiler Tube	X	X
Fold-Away Hillside Divider		X
304 Stainless Steel Cross-Tubes & Take-Up Brackets		X
Front & Rear Grease Banks		X
Tarp Ready		X
External Lift Hooks		X
304 Stainless Steel Feedgate & Spinner Jacks		X
304 Stainless Steel Feedgate & Spinner Jack Handles		X
Self Centering Spinner & Material Divider		X
Factory Installed & Tested Electronic Components & Wiring		X
304 Stainless Steel Electronic Control Unit Enclosure		X
